Open Discussion

Ms. McKelvey has a request for funding to have science microscopes repaired. She was directed to the science department chair and Ms. Gibson to secure this funding. Money for teacher grants has already been set aside.

Mr. Barrientes mentioned he would like the PTSO to consider purchasing a new scorer table for athletic events. The PTSO has been seeking big ticket items to donate for the school that will benefit the entire student body. The scorer table will allow us to advertise, it can have pictures of the kids displayed as well. The present PTSO would like this item added to the agenda for the next meeting on December 10, 2018.
